JavaScript • TypeScript • HTML • CSS • React Native • Expo • Flutter • Dart • Node.js • Express.js • MongoDB • PostgreSQL • Firebase • REST APIs • AWS Amplify • Cloudflare Workers • Git/GitHub

PROFESSIONAL SKILLS

Leadership • Communication • Problem Solving • Team Collaboration • Time Management • Organization • Adaptability

EXPERIENCE

Web Developer Intern — The Marriage List | Remote | Sep 2026 – Present

- Improved React Native Web usability with clear feedback when users submitted incomplete survey answers.
- Built an accessible hamburger menu that replaced desktop navigation links on mobile screen sizes.
- Added Jest test coverage, ran ESLint checks, and submitted pull requests that were reviewed and merged.

Spray Technician — Turfco | Idaho Falls, ID | Apr 2026 – Present

- Applied lawn treatments to residential and commercial properties while following strict safety standards.
- Diagnosed turf health issues and recommended treatments to improve lawn appearance and customer results.
- Maintained and calibrated spraying equipment to reduce downtime across several daily job sites.

Member Associate — Franklin YMCA | Franklin, TN | Oct 2022 – Mar 2026

- Assisted members with accounts, scheduling, and facility questions in a busy front desk environment.
- Resolved member concerns quickly and improved communication between staff and facility members.
- Helped new employees with procedures, service standards, and membership management systems.

Crew Member — McDonald's | Berry Farms, TN | Jun 2020 – Oct 2020

- Managed high-volume customer orders while maintaining speed, accuracy, and consistent food quality.
- Worked with team members to improve workflow and reduce customer wait times during busy shifts.
- Maintained clean, organized work areas while following restaurant food-safety requirements.

PROJECTS

- **BuyMour** — Built a Flutter and Firebase mobile marketplace for discovering and posting nearby garage, yard, and estate sales using list and map-based navigation.
- **BagSpec** — Developed a Cloudflare Worker that scans eBay listings, uses AI to evaluate repair risk, and calculates potential profit, ROI, and offer limits.
- **BevLog** — Created a full-stack energy drink tracker using Node.js, Express, MongoDB, Google authentication, protected routes, and REST APIs.
- **Portfolio:** <https://portfolioblaisepalombo.netlify.app/>

EDUCATION

Brigham Young University-Idaho | Bachelor's in Web Development & Design | Expected Dec 2026

VOLUNTEER EXPERIENCE

Representative — The Church of Jesus Christ of Latter-day Saints | Alberta, Canada | Sept 2020 – Sept 2022

- Coordinated and participated in community service projects supporting individuals and families across multiple communities.
- Trained and mentored new representatives in leadership, communication, organization, and daily planning.
- Managed outreach efforts, scheduling, and goal tracking while working with diverse populations and community leaders.
